

## **Advanced Placement Courses**

### Policy

It is the policy of the Torrington Board of Education to encourage students to participate in Advanced Placement Courses so that they may be eligible to receive college credit for certain high school courses. To require students to take the necessary AP Exams, the Board of Education will provide a minimum 50% funding of the student exam cost.

1. An annual high school budget will be developed to cover certain projected AP Test taking costs.
2. If actual AP costs exceed the high school's AP Test budget line item, district funds will be provided to cover the excess.

### Administrative Regulations

1. The high school principal will establish a process for determining students' eligibility for participation in Advanced Placement testing and a procedure for billing students for a minimum 50% of the Advanced Placement Testing costs.
2. Payment to the appropriate testing organization will be processed through the high school guidance office.
