

On-Campus Recruitment

Policy

Subject to the provisions of subdivision (11) of subsection (b) of section 19 of the Connecticut General Statutes, the high schools of the school district shall provide the same directory information and on-campus recruiting opportunities to representatives of the armed forces of the United States of America and state armed services as are offered to nonmilitary recruiters, recruiters for commercial concerns and recruiters representing institutions of higher education.

The Board shall also provide full access for the recruitment of students by regional vocational technical schools, regional vocational agricultural centers, inter-district magnet schools, trade schools, charter schools and inter-district student attendance programs.

Directory information or class lists of student names and/or addresses shall not be distributed without the knowledge of the parent or legal guardian of the student or by the student who has attained majority status. The school administrator may make the determination of when the recruitment meetings are to take place and reserves the right to deny such meeting where the holding of such meeting will materially and substantially interfere with the proper and orderly operation of the school.

Aptitude tests shall not be given during the school day if the data obtained will be directly released to recruiting personnel. To ensure consistency with opt-out provisions for the release of contact information to the military, schools that allow administration of the Armed Services Vocational Aptitude Battery (ASV AB) must notify the military that recruiter release option 8 ("results not released to military recruiting services") must be applied to all students taking the test. After students receive their test scores, they can arrange to release their aptitude data directly to recruitment representatives if they wish.

Any person or organization denied the rights accorded under this policy shall have the right to request a review of the decision by the Board of Education by filing a written request with the Superintendent of Schools.
