Accreditation Statement

Torrington High School is accredited by the New England Association of Schools and Colleges, Inc., a non-governmental, nationally recognized organization whose affiliated institutions include elementary school through collegiate institutions offering postgraduate instruction.

Accreditation of an institution by the New England Association indicates that it meets or exceeds criteria for the assessment of institutional quality periodically applied through a peer group review process. An accredited school or college is one which has available the necessary resources to achieve its stated purposes through appropriate educational programs, is substantially doing so, and gives reasonable evidence that it will continue to do so in the foreseeable future.

Accreditation by the New England Association is not partial but applies to the institution as a whole. As such, it is not a guarantee of the quality of every course or program offered, or the competence of individual graduates. Rather, it provides reasonable assurance about the quality of opportunities available to students who attend the institution.

Inquiries regarding the status of an institution's accreditation by the New England Association should be directed to the administrative staff of the school or college. Individuals may also contact the Association.

Hello Raider Family,

On behalf of the entire Torrington High School staff, I would like to welcome you to the 2023-2024 school year. I am excited for us to continue our journey together here at Torrington High. For those students and families who I have not worked with before, I look forward to meeting you and working together. As I begin my second year as Principal of Torrington High School, I am committed to making Torrington High School a place where each student can experience a safe, caring, and supportive environment where they will be able to engage in rigorous and relevant classes that will prepare them for the future.

As you know, we are in year two of the construction project for the new Torrington High School Middle School campus. While this work is underway, we will need to adjust some of our daily operations. We will keep you apprised of any changes and adjustments that occur during the construction project. We will keep you updated on the information as it becomes available. As a result of the construction process, student parking will be limited to seniors only. Student drivers will need to adhere to the school messages and rules regarding parking.

This year we will be launching our Career Pathways which will offer students exciting opportunities to explore and become prepared for college or career paths in the future. We will offer pathways in Applied Arts, Business/Entrepreneurship, Education, Civic and Global Engagement, Health and Wellness, Public Safety and Criminal Justice, and STEM Hi-tech Manufacturing.

Being punctual is an essential life skill. We want our students to take advantage of every instructional minute. Please plan your schedule accordingly based on the school start and end times.

Sincerely,

Brian Scott
Principal
Torrington High School

Graduation Requirements

Torrington High School graduates must successfully complete 25 units of credit including a Capstone credit. All students must also successfully complete the required Standardized Tests in keeping with Connecticut Education Law Title X of the General Statutes, Sec. 10-221a and Board of Education [Policy #5095](#). Course Selection Process: Information on adding/dropping a course, overriding a course recommendation, selecting courses, or credit recovery can be found in the Torrington High School Course of Study book found online or in the Guidance Office.

Progress Reports: Students and parents should utilize THS PowerSchool "parent portal" to monitor attendance and academic progress throughout the school year. Report cards are mailed home at the end of each quarter.

Progression towards Graduation
In order to make adequate progress towards graduation students should earn at least:

6.0 credits to be considered grade 10
12.0 credits to be considered grade 11
18.0 credits to be considered grade 12

Earning Credits

One Quarter year class= 0.25 credit
One half year class= 0.5 credit
One full year class= 1.0 credit

Textbooks: All textbooks are the property of Torrington High School. If a book is lost, destroyed, or defaced, another book will be issued after the student has paid for the lost or destroyed book. All books must be returned prior to the end of the school year. Lost books must be paid for (new books at full cost, one year or older at replacement price).

Student Debt: All student debts must be settled prior to the end of the school year. Students who owe textbooks, uniforms, or money to the cafeteria will receive notice of student debt. Unreturned items or unsettled debts will delay seniors from receiving their caps and gowns and possibly barring them from participation in the graduation ceremonies.

Study Hall: Study Hall is a class period where students are assigned to study, complete homework, catch-up on missing assignments, or study for tests or quizzes. **Attendance is mandatory like all classes.**

Syllabus Expectations: By the first day of class, all students and parents will receive class expectations which include grade calculations, homework requirements, and course outlines.

Weight Differentials: Course identification numbers are used to determine weight differentials for grade point averages. Grades in courses ending in 08 will be weighted and multiplied by a factor of 1.08 (Advanced Placement and College Courses). Grades in courses ending in 06 will be weighted and multiplied by a factor of 1.06 (Honors). Grades in courses ending in 04 will be weighted and multiplied by a factor of 1.04 (College Preparatory).

Withdrawal from School: Students, seventeen or older, must have written permission from their parents to withdraw from school until they have reached eighteen years of age. Students must return all school books/materials prior to withdrawal or pay replacement costs. No transcripts are released until this happens. Connecticut Statute states that students who withdraw from school may be required to wait up to 90 days before re-enrolling.

Attendance: Attending school and reporting to class timely is a student expectation at Torrington High School. Students who have an excessive number of unexcused absences risk losing credits in their courses. Excessive is defined as five or more unexcused absences in a semester long course and ten or more unexcused absences in a yearlong course. Students who have met these thresholds will have the opportunity to appeal the decision to remove credit, however, the school administration reserves the ultimate right to grant the appeal. Students who do not report to school or class timely may be assigned consequences by school personnel. The entire district attendance policy follows.

Withdraw Failure

Students can drop/add classes within the first 10 school days of a semester or year long course without penalty. After the first 10 school days are over, a dropped class results in a W (Withdrawal) on the student's transcript. After the 1st quarter progress report, a dropped class results in a WF (Withdraw Failure) which will be reported on the report card, transcript and will affect a student's class rank. Students can drop/add 2nd semester classes, within the 1st 5 school days of that semester. After the first five school days of 2nd semester are over, a dropped class results in a W (Withdrawal) on the transcript. After the 3rd quarter progress report, a dropped class results in a WF (Withdraw Failure) on the transcript. The Drop/Add form must be completed and returned to the student's counselor (copies go to administrator and department coordinator of subject being changed) for all withdrawals (resulting in a W or WF), added courses, and course level changes. Dropping or adding a core academic class, even if done prior to the drop/add deadline, requires a Course Change Request form and parental approval. A student will receive credit for a course only upon the successful completion of the full course. A student who falls below the minimal program, for whatever reason, must meet with a guidance counselor. Any senior seeking a schedule with less than the required minimum course load must first have approval from the High School Principal. (To be clear: A WF on a transcript counts as a "0" towards a student's GPA)

Incompletes

Students whose grades are incomplete will receive an "I" on their report cards. If work is not completed with ten (10) school days from the marking period close, the student will be computed without those assignments.

Torrington High School

Attendance Regulations and Expectations

Attendance: Attending school and reporting to class in a timely manner is a student expectation at Torrington High School. Students must be in class in order to participate in the essential elements of teaching and learning.

Absences:

- An absence from school is when a student is not present for at least half of the regular school day.
 - Students are not allowed to participate in school day extracurricular activities if they have not been present in school on the day of the event.
- **Class Absence** is defined as a student not attending a class, but being present at school for the day.
- **Skipping Class** is defined as a student not attending an assigned class and not having permission to be absent from a class, but being present at school.
 - A student who is more than 15 minutes late for a class without a pass or permission will be considered absent.
- **Chronic Absenteeism** is defined as absences, both excused and unexcused, above 10% of the scheduled amount of school days.
- **Excessive absences** will result in loss of credit at the high school level. “Excessive” is defined by 10 or more absences in a semester course and 19 or more absences in a full year course.
- **Five unexcused tardies** (from the same class) will constitute an unexcused absence.
- For the student’s tenth (10th) absence, and all absences thereafter, documentation of the absence must be submitted and must also include the reason for the absence and the following additional information:
 - **student illness:**
 - a signed note from a medical professional, who may be the school nurse, who has evaluated the student confirming the absence and giving an expected return date; or

 - lack of transportation that is normally provided by a district other than the one the student attends: none.

Appeals Process

Appeals Process: A student who has accumulated more absences than allowed by the policy, but who feels that the situation warrants special consideration, may request an appeal to restore credit.

- If extenuating circumstances exist, parents and students have the right to a waiver of the denial of credit.
- For an attendance appeal to be considered, the following criteria must be met:
 - The appeal form must be received by the Torrington High School main office within five school days of the posting of quarterly report cards.
 - Parents/Guardians may email completed forms to the student's Assistant principal.
 - Students or parents/guardians may hand-deliver completed forms to the Main office attendance secretary, Mrs McCarthy within five school days of the posting of quarterly report cards.
 - The appeal form must be completed in full and adhere to the criteria for reversing an unexcused absence.
- The Appeals Board which will review the waiver will consist of the principal, an assistant principal and at least two teachers to hear all requests. Other pupil personnel faculty may be invited by the Appeals Board to participate when appropriate. All parties directly involved may attend the informal hearing. The Appeals Board will meet as soon as possible after individual students have exceeded their absences and filed a completed waiver.
 - The Appeals Board will consider:
 - Presentation by parent/legal guardian
 - Documentation from medical personnel
 - The student's attendance record
 - The student's request to earn back lost credit
 - Other information deemed appropriate by the administration
- Students should bring a parent or adult advocate to the meeting; however, the meeting will convene if the student is alone. The student or parent/guardian must be present for the meeting.
- A student may be allowed an attendance appeal hearing on a yearly basis. However, a successful waiver for promotion or restoration of credit may only be granted twice in grades 9-12.
- Decisions of the Appeals Board are final. Waivers granted or denied must become a part of a student's permanent cumulative file and recorded into the computer database.

Dress Code Expectations

Students are treated equitably regardless of gender/gender identification, sexual orientation, race, ethnicity, body type/size, and religion. Clothing and personal appearance are ways that you communicate your identity, feelings, and thoughts to those around you. It is important to be critical thinkers and make decisions about your appearance that place you in the best possible light.

The purpose of the student dress code is to reinforce the district's mission to ensure that all students will acquire the academic and social skills to enable them to function successfully as productive 21st Century citizens. Student attire should reflect an atmosphere of mutual respect to the learning environment. Students should not face unnecessary barriers to school attendance. Restrictions may be applied when student dress is unsafe or disruptive of the educational process. The serious nature of our school activities and pride in the reputation of our school require cleanliness and appropriate dress. Parents are asked to reinforce these expectations. What follows are the dress code expectations approved by the THS community:

- Wear clothing that is free from promotion of or reference to drugs, alcohol, and tobacco, and free from violent signs, symbols or words that are obscene, lewd, vulgar, defamatory, or likely to incite.
- Wear clothing that does not reveal parts of the body that should remain covered and/or reveals your torso, or undergarments.
- Hoods or other head coverings that conceal the identity of individual students are not allowed, but head coverings for religious and other purposes are permitted inside and outside.

The school is responsible for ensuring that student attire does not interfere with the health or safety of any student, and that student attire does not contribute to a hostile or intimidating atmosphere for any student.

Consequences

PROCESS:

In each instance of an office referral, an administrator or designee will determine the appropriate consequence. The administrator will reference the district created chart below for guidance regarding disciplinary actions. For students in our schools, the classroom is a smaller version of home and family. The classroom teacher is the primary person who structures routines and classroom management, which affects discipline. Students who violate the rights of others or who violate district or school rules shall be subject to disciplinary measures. The classroom teacher is the best person to handle school discipline, and in most cases the discipline is managed well at the classroom level. However, there are times when student behavior warrants administrative involvement. Office referrals for discipline are a last resort. Level 1 behaviors are defined as those that can be resolved by teacher intervention. Level 2 infractions are disruptive/offensive behaviors that are persistent and significantly impact classroom instruction and student learning. Level 3 infractions are those that pose a serious safety concern and Level 4 infractions are those that cause most serious safety concerns.

RESTORATIVE PRACTICES:

Torrington Middle School staff will use restorative practices with students in order for students to repair harm done and give a voice to those that have been harmed.

REFLECTION ROOM:

The reflection room is utilized when students have engaged in problem behavior. Support staff will direct students to move through the restorative process to repair relationships. The students will reflect on their behaviors and take accountability for their actions, so they can avoid engaging in the same problem again.

The student will make a plan on how to better respond in the future. Staff will also help the students implement the restorative plan and next steps, so that students can return to the classroom as quickly as possible.

Detention

Detentions are of three types, **teacher detention, office detention, and lunch detention.**

Teachers may require students to meet with them before or after school to discuss classroom behavior and/or academic performance. * Generally, one day's notice of a detention assignment will be given. Teachers will notify parents when their student is assigned a detention.

If a student fails to report for detention, the teacher will attempt to contact his/her parents/guardians and then, based upon that outcome, will either reschedule the detention or refer the student to the appropriate assistant principal. If a student is referred to the assistant principal for missing a teacher detention, he/she will be assigned an office detention. ***Teachers can hold after school detention on any school day Monday through Friday.**

Lunch Detention

At THS, our goal is to keep as many students as possible in school and in a positive learning environment. Lunch detention will be utilized to address low-level disruptive behaviors and/or first-time offenses.

While serving a lunch detention, students will not be allowed to access the cafeteria and will be served a lunch that meets the USDA school nutrition standards. In addition, use of all electronics, including cell phones, is not allowed during the detention period. Cell phones and other electronic devices will be held by the teacher until the end of the lunch period, when they will be returned to the student.

Determining In-School or Out-of-School Suspension

In accordance with Section 10-233c of the Connecticut General Statutes, the conduct of a pupil that leads to suspension by the school administration is due to the following:

- Violation of a publicized policy; or
- Disruption of the educational process; or
- Endangerment to persons or property.

When the conduct of the pupil occurs on school grounds or at a school-sponsored activity, then one or more of the above elements must be established for disciplinary action.

If the conduct occurs off school grounds, then both of the following elements are necessary to lead to disciplinary action:

- Violation of a publicized policy; and
- Disruption of the educational process.

Similarly, if the conduct of the pupil occurs while the pupil is awaiting or receiving Transportation to and from school, the following elements are required:

- Violation of publicized policy; or
- Endangerment to persons or property

Suspensions shall be in-school suspensions unless the school administrator determines that the pupil being suspended poses such a danger to persons or property or such a disruption of the educational process that the suspensions should be out-of-school.

The Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act (Section 504) each contain a set of procedural protections to be applied when children with disabilities are subject to school disciplinary activity.

Principal Meeting

In cases of repeated disruptive or unacceptable behavior, the appropriate Administrator has the option of referring the offending student to a disciplinary meeting. During the meeting, the principal will meet with the student, parent/guardian, and appropriate school personnel to review the academic and disciplinary record of the student involved. As a result of the hearing, the Principal will take appropriate disciplinary measures to possibly include disciplinary probation, in-school suspension, out-of-school suspension and/or referral to outside agencies (counseling, probation, police, etc.). It is understood that the Disciplinary Hearing process will be used in appropriate cases in an effort to avoid referral to the Superintendent of Schools for consideration for expulsion from school.

Procedures Governing Expulsion

School administrators may consider recommendation for expulsion of a student in a case where he/she has cause to believe the student has engaged in conduct on school grounds or at a school-sponsored activity which endangers persons or property, is seriously disruptive of the educational process or is in violation of a publicized Board policy.

School administrators must recommend expulsion proceedings in all cases against any student whom the administration reasonably believes:

- Was in possession on school grounds or at a school-sponsored activity of a deadly weapon, dangerous instrument, martial arts weapon, or firearm as defined in 18 USC 921 as amended from time to time; or
- Off school grounds, possessed and used a firearm as defined in 18 USC 921, IN VIOLATION OF Conn. Gen. Stat. 29-35, or possessed and used a firearm as defined in 18 USC 921, deadly weapon, a dangerous instrument or a martial arts weapon in the commission of a crime; or
- Was engaged on or off school grounds in offering for sale or distribution a controlled substance (as defined in Conn. Gen. Stat. 21a-2409), whose manufacturing, distribution, sale, prescription, dispensing, transporting, or possessing with intent to sell or dispense, offering or administering is subject to criminal penalties under Conn. Gen. Stat. 21a-227 and 21a-278.
- A "firearm" as defined in 18 USC 921 means any weapon that will, is designed to, or may be readily converted to expel a projectile by the action of an explosive; the frame or receiver of any such weapon; any firearm muffler or firearm silencer; any explosive, incendiary, or poison gas, including a bomb, a grenade, a rocket having a propellant charge of more than four ounces, a missile having an explosive or incendiary charge of more than one-quarter ounce, a mine, or a similar device.
- "Deadly weapon" means any weapon, whether loaded or unloaded from which a shot may be discharged, or a switchblade knife, gravity knife, bill, blackjack, bludgeon, or metal knuckles.
- "Dangerous instrument" means any instrument, article, or substance which, under the circumstances in which it is used or attempted or threatened to be used, is capable of causing death or serious injury, and includes a vehicle' as that term is defined in this section and includes a dog that has been commanded to attack (except police dogs on duty).
- A "martial arts weapon" includes, but is not limited to, a nunchaku, kama, kasari-fundo, octagon sai, tonfa, or Chinese star.

Upon receipt of an expulsion recommendation, the Superintendent may conduct an inquiry concerning the expulsion recommendation. If the Superintendent, or his/her designee, determines that a student should or must be expelled, he or she shall forward his/her recommendation to the Board of Education so that the Board of Education can consider and act upon this recommendation. Notice of any suspension or expulsion and the conduct for which the pupil was suspended or expelled must be included in the student's cumulative educational record. Notice of suspension is to be expunged upon high school graduation. Conn. Gen. Stat. 10-233c(e).

PROCEDURAL DUE PROCESS:

Due process will be provided according to the following procedures:

1. Detention assigned by an Administrator may not be appealed.
2. In cases where suspension is imposed, a student shall be entitled to:
 - A formal meeting for discussion of charges and evidence with the Principal.
 - An opportunity to deny charges, rebut evidence
 - A right to appeal to the Principal. All appeals must be in writing, must specifically address the error/misinterpretation of the rules upon which the appeal is based, and must be submitted to the Office. A meeting with the Principal will then be scheduled. The decision of the Principal is final.
3. In the cases of expulsion by the Torrington Board of Education, students and their parents shall be provided a formal hearing prior to expulsion which guarantees the following:
 - The right to testify and produce friendly or affirmative witnesses
 - The right to demand that witnesses appear in person to answer questions

The Board may, however, refuse to allow a witness to testify if it is determined that the witness has been intimidated and therefore would provide inaccurate testimony. In this case, a deposition of the testimony will be issued to the student.

GRIEVANCE PROCEDURE TITLE VI, TITLE VII (CIVIL RIGHTS ACT, 1964); TITLE IX (EDUCATION AMENDMENTS, 1972); SECTION 504 (REHABILITATION ACT, 1973).

The Torrington Board of Education adopts the following grievance procedures in order to provide for prompt and equitable resolution of citizen, student, and employee complaints alleging any action, which is prohibited by Section 504, Title VI, VII, and IX.

- Any student, citizen, or employee will, in the case of an alleged violation, attempt resolution of the issue through the Administrator of the building in which the practice has allegedly occurred.
- If a person is not satisfied with the complaint response of the building Administrator, he/she may appeal the decision within ten calendar days, in writing. The appeal should be forwarded to the designated non-compliance officers. A review of the written complaint will take place within twenty calendar days.
- If the complainant is not willing to abide by the system-wide Non-Discrimination Compliance Officer's recommendation, he/she may submit a written appeal for a hearing to the Board of Education within fifteen calendar days of receiving the decision.
- With at least ten calendar days' notice given prior to the hearing, the Board of Education shall inform all parties involved of the date, the time and place of the hearing and of the right to present witness(es) and to legal counsel or other representation, if desired. The Board of Education shall hear all aspects of the appeal and shall reach a decision within thirty calendar days of the receipt of the written appeal. The decision shall be presented in writing to the complainant at its next regularly scheduled meeting. The Secretary of the Board of Education shall inform the parties of the Board's action within five working days of the Board's meeting.

It is the policy of the Board of Education that any form of discrimination or harassment on the basis of race, religion, color, national origin, sex, sexual orientation, marital status, or any other basis prohibited by state or federal law is prohibited, whether by student, Board employees or third parties subject to control of the Board. The Board's prohibition of discrimination or harassment in its educational programs or activities expressly extends to academic, nonacademic, and extracurricular activities, including athletics, as well as the district website. It is also the policy of the Board of Education to provide for the prompt and equitable resolution of complaints alleging any discrimination on the basis of protected characteristics such as race, color, religion, age, sex, sexual orientation, marital status, national origin, disability (including pregnancy), gender identity or expression, or veteran status.

For the purposes of this policy, "gender identity or expression" means a person's gender-related identity, appearance or behavior, whether or not that gender-related identity, appearance or behavior is different from that traditionally associated with the person's physiology or assigned sex at birth, which gender-related identity can be shown by providing evidence including, but not limited to, medical history, care or treatment of the gender-related identity, consistent and uniform assertion of the gender-related identity or any other evidence

that the gender-related identity is sincerely held, part of a person's core identity or not being asserted for an improper purpose.

For the purposes of this policy, "veteran" means any person honorably discharged from, or released under honorable conditions from active service in, the United States Army, Navy, Marine Corps, Coast Guard and Air Force and any reserve component thereof, including the Connecticut National Guard.

Extra-Curricular Activities

Philosophy

The bulk of educational research demonstrates that participation in extra-curricular activities provides many benefits to our students. Participation in extra-curricular activities provides students an opportunity to create a positive and voluntary connection to their school, which can lead to an increase in academic achievement, a reduction in disciplinary issues while at school, and an increase in graduation rates. In addition, students learn lessons in leadership, teamwork, organization, analytical thinking, problem solving, and time management through working with others on various projects and activities.

There are many clubs and activities available at THS that will allow students to explore interests outside of academics, and students are encouraged to take advantage of these offerings.

School Athletics:

Participation in the athletic program provides students with the opportunity to learn the lifelong values found in cooperation and competition. These activities require a high level of mental and physical concentration. Individual and team effort are enhanced by a program that is set in a favorable environment based on quality leadership, coaching, scheduling, and equipment.

The athletic program of Torrington High School seeks to:

- Promote school morale and spirit
- Teach sportsmanship, self-reliance, leadership, and teamwork
- Develop a high degree of athletic proficiency and skill
- Develop courage, discipline, strength, endurance, vitality, and health

Students participating in interscholastic athletics must meet all criteria of Torrington High School in the [THS Athletic Code of Conduct / Agreement](#) and those of the Connecticut Interscholastic Athletic Conference. Failure to meet these requirements will result in consequences up to and including removal from the team. School disciplinary actions will be further taken, as necessary.

School Athletics: Rules of Eligibility

Torrington High School adheres to the Rules of Eligibility as established by Connecticut Interscholastic Athletic Conference (CIAC). Visit www.casciac.org for further details.

Advisory meets daily. Advisory is a vehicle for creating a more personalized learning environment where all students are well known by at least one adult. Moreover, this period provides a structure and a set of practices for monitoring and supporting students' academic progress and college and career readiness throughout their high school career.

Academic/Club is a scheduled period which allows students the opportunity to participate and/or attend to the following:

- Students or teachers may schedule time with teachers, get assistance with class work, and make up tests.
- Students may schedule time with counselors or administrators during this time.
- Clubs and class activities will run based upon staff availability and student academic needs.

Students must obtain a pass from the club advisor **prior to a club meeting**. If students do not have a pass, they will not be dismissed from the period. Once students are dismissed to attend their club meeting/academic, they are expected to remain for the entire time.

After School Activities Some student clubs and activities meet after school. Students can also schedule extra-help time with their teachers after school. Students are expected to arrange transportation prior to any after school activity.

Student Council An extracurricular activity for students within our school. It provides opportunities for students to demonstrate their talents, leadership skills, and interests while continuing to develop new skills. It is also about giving students more ownership of the programs they attend. A student council representative is assigned to each class. That person passes on requests, ideas, and complaints from students in that class to the student council. The elected Class Officers are automatically members of the student council. Their roles may be assigned or voted on, either within the student council or by the entire student body. Our student council is overseen by a sponsor, which is typically a teacher(s).

Student Success Plans (SSP) is a process for student success, designed to increase the persistence, success, and graduation rates of all students. Through a holistic approach your advisor, guidance counselor, web-based support systems, and intervention techniques, students are identified, supported, and monitored. Data is collected and analyzed to help students make decisions for post-secondary options.

PowerSchool Is a web-based student information system designed and implemented for all of the schools in our district. It enables school staff to input student information in a timely fashion, while creating a collaborative environment for parents, teachers, and students to work together. Parents and students can access their accounts to track their grades and attendance, school announcements, assignments, schedules, class registration, and teacher comments. For more information or assistance on creating an account on PowerSchool please contact Debbi Schapp at 860-489-2294 ext. 2205 or check Website: <http://powerschool.torrington.org>

Confidentiality is an important part of all professional relationships. It is essential to know, however, that by law or by sound ethical practices, there are situations whereby a counselor is required to disclose information that affects student safety or the safety of others. To avoid any misunderstanding between the student and counselor, it is best for the student to clarify any issue that is expected to be held in confidence.

Health Services

TPS Health and Safety Policy

2010

It is the purpose of the Torrington High School health department to support a student's academic potential through good physical and mental health habits.

Emergency Contact Information

We urge parents to notify the school, through the nurse, of any information regarding health, illnesses, injuries, or medical conditions as well as changes to contact information. This information will be handled discreetly but ensures that we are aware of and understand the special needs of our students.

Health Concerns

By medically evaluating each student who comes into the health office, i.e., examining the student's temperature, ears, blood pressure, or listening to the lungs, if necessary, for congestion along with a health interview, the school nurse can better assess whether a student should remain or be dismissed from school.

Students must be assessed by a school nurse then a parent or authorized emergency contact is always contacted by the nurse before dismissal.

Extended Absence from School

In the event of significant illness or injury, a physician's note is required for an extended absence of more than five (5) days. Following surgery, traumatic injury or a contagious illness, a physician's note is required to return to school. We urge parents to notify the school nurse of any significant illness or injury prior to the student's return to school. This will allow the nurse to arrange any necessary accommodations for the student.

Health Assessments

Physical exams will be required for all 9th grade or new transfer students. Please refer to [Board Policy 5100](#) for information on the specific assessments and immunization requirements that need to be met in order to attend.

Food Allergies

The Torrington School District recognizes that life threatening food allergies are an important condition affecting many school children and positively welcomes all pupils with food allergies. In order to minimize the incidence of life-threatening allergic reactions, the Torrington School District maintains a procedure for addressing life threatening allergic reactions and maintains an Emergency Action Plan for any student whose parent/guardian and physicians have informed the school in writing that the student has a potentially life-threatening allergy. A parent or guardian of a student with food allergies is responsible for providing all food for his/her own child. Snacks will be kept in a separate snack box or chest provided by the parent or guardian.

Medications

Please refer to [Board Policy 2010](#) for specific rules in relation to medications. Medication forms are in the Nurses' office or online at www.torrington.org.

Staying Home When Sick

In a collaborative effort to keep all students and staff healthy, the Torrington Public Schools ask that any person who has symptoms of respiratory or gastrointestinal infections, such as cough, fever, sore throat, vomiting, or diarrhea, should contact the school and stay home in order to rest and recuperate. [Testing](#) is recommended for people with [symptoms of COVID-19](#) as soon as possible after symptoms begin. If a person with COVID-19 symptoms tests negative for COVID-19, they should consider getting tested for other respiratory illnesses that could be spread to others, such as flu. People who are at risk for getting very sick with COVID-19 who test positive should consult with a healthcare provider right away for possible [treatment](#), even if their symptoms are mild. Staying home when sick can lower the risk of spreading infectious diseases, including COVID-19, to other people.

We realize that the CDC and DPH guidelines no longer mandate a five-day isolation as in the past. However, students who test positive and are experiencing fever and symptoms, should isolate for five days or until the fever and symptoms break for 24 hours. Obviously, if a child has COVID, we want them to rest and get better. They can return once they are fever free for 24 hours and no longer have symptoms.

The CDC and DPH also recommend that anyone who returns after a COVID positive test result should wear a mask for five additional days. However, once again the CDC and DPH guidelines do not mandate a five-day mask period. Obviously, if someone has COVID or has had COVID, we would want them in a mask upon return, however, the five days of mask wearing is only a recommendation.

As always, children who do not feel well should stay home and rest. Nothing has changed in our expectation that students who are sick remain at home until feeling better.

Those children with severe coughs and/or a fever will be sent home from school. Any child waking up with a severe cough and/or fever should be kept home. As always, a student must be fever free for 24 hours prior to returning to school. Torrington is working to maintain our schools' healthy learning environment and we are counting on our parents and guardians to keep all illnesses including COVID, flu, and the stomach bug out of our classrooms.

Upperclassmen Privilege - Senior Early Arrival and Dismissal Program for the 2023-24 school year

A senior whose study hall occurs during periods one, four, five, or eight of the school day may be allowed, given fulfillment of criteria and requirements, to arrive late or leave campus early. When the senior student exercises this privilege, she/he will be responsible for her/his own safety and behavior. The interpretation of the rules will be at the discretion of the school administration. Parent permission is required.

It is further expected that students and parents will monitor academic progress to ensure that the student remains in good academic standing and on track for timely graduation. Students who are not in good academic standing, as indicated by having a grade point average below 80 percent, possessing a failing grade in a course required for graduation, or have engaged in conduct or behavior detrimental to the student's academic well-being, as defined by the school administration, will not be eligible for the senior early dismissal privilege.

Procedures, expectations, and rules

1. Students must apply for the Early Dismissal privilege and demonstrate that they are in academic good standing; seniors may apply at the start of the second quarter. Students will be informed of their eligibility and faculty notified of those participating in the early dismissal option.
2. The Early Dismissal privilege requires written parental permission. This written permission must be submitted to the main office. Failure to receive parental permission and/or submit the parental permission form to the office will be considered a class 'skip' or 'cut' from the study hall.
3. Once granted, the student will be issued an early dismissal pass. The student with the privilege must notify his/her study hall teacher immediately prior to their assigned study hall. Due to safety reasons, students must sign out in the main office and exit the building promptly. It is expected that students will comply with the requirement; failure to do so will result in the revocation of the early dismissal privilege.
4. Students who choose to leave the campus early must do so through the main doors in order to maintain school security.
5. Students who choose to leave the campus early must leave the property immediately. This includes all athletic fields, parking lots, and common spaces.
6. Seniors who choose to leave the campus early may not return or enter the building until the end of the school day. This includes student-athletes who may have practice that commences immediately with the final bell.
7. Students who are eligible for the early dismissal privilege will have their status reviewed on a quarterly basis. In addition to student conduct concerns, the privilege may be revoked due to student academic performance, conduct concerns, student debt, or anything reasonably deemed to be problematic by the school administration.
8. Students who are participating in the early dismissal program and using a personal automobile or motorized vehicle must submit proof of insurance, registration, and a copy of his/her license to the main office. Seniors may initially apply for this privilege in the first week of September. Juniors may apply for this privilege in the first week of the second semester, date to be determined based upon weather related cancellations.

No such child may be employed in any store or factory, theatre, bowling alley, barbershop, or similar institution. At age fifteen, students may obtain employment at any mercantile establishment, as bagger, cashier, or stock clerk. However, this employment may only be during school vacation five or more consecutive days when school is not in session or on Saturdays. Everyone between fifteen and eighteen years of age must obtain a working certificate for either part-time or full-time employment. Certificates are issued in the main office. Minors applying for working papers must present their birth certificates and a "promise of employment" form from the employer. To obtain a working paper please contact the Main Office. Student Services

Referral Procedures for Students Possibly Needing Special Education Services

All students who may need special education services must go through the Response-To-Intervention (RTI) process. This process ensures that each student has a variety of modifications or accommodations. The RTI team monitors these interventions for several months to determine if a special education referral is needed. If you have any questions about the process, you may contact your child's guidance counselor (860-489-2291).

Programs for Students with Special Education Needs

The Special Education department provides services for students with a broad spectrum of skills. Programming is based upon students' needs and their post-secondary career plans, with parents playing a critical role in the planning process.

Procedural Safeguards in Special Education

The parent of a child who requires or may require special education and related services is guaranteed procedural safeguards in accordance with the federal law entitled "Individuals with Disabilities Education Act" (formerly titled "Education of the Handicapped Act") and with the state laws and regulations concerning children requiring special education.

Non-Discrimination

Compliance with Non-Discrimination Laws: The Torrington Board of Education complies with all laws prohibiting the exclusion of any person from any of its educational programs or activities, or the denial to any person of the benefits of any of its educational programs or activities, including all academic, extra-curricular, and school-sponsored activities, on the basis of any protected characteristic (or protected class) including race, color, religion, age, sex, sexual orientation, marital status, national origin, alienage, ancestry, disability, pregnancy, gender identity or expression, veteran status, status as a victim of domestic violence or any other basis prohibited by state or federal law ("Protected Class"), subject to the conditions and limitations established by law.

Prohibition of Discrimination, Harassment and Retaliation: All forms of discrimination or harassment on the basis of an individual's actual or perceived membership in a Protected Class, whether by students, Board employees, Board members or third parties subject to the control of the Board, are prohibited in the Torrington Public Schools. The Board's prohibition of discrimination and harassment in its educational programs or activities expressly extends to academic, nonacademic and extracurricular activities, including athletics. The Board prohibits reprisal or retaliation against any individual who reports incidents in good faith that may be considered discrimination and/or harassment, or against any individual who participates in the investigation of such reports. Discrimination and/or harassment against any individual on the basis of that individual's association with someone in a Protected Class may also be considered a form of Protected Class discrimination and/or harassment, and is therefore also prohibited.

Reporting: Students, parents/guardians and/or third parties who wish to report concerns about discriminatory conduct, including, but not limited to harassment based on race, color, or national origin, are asked to promptly report the concerns about discrimination, harassment and/or retaliation to the District. To report discrimination, harassment or retaliation, please follow the link to complete the Discrimination Complaint Form. Reports should be sent to the Director of Human Resources located at 355 Migeon Ave., Torrington, CT. Reporting forms are also available in the main office of each school and program operated by the District, and reporting forms may be submitted in writing with any district administrator. District employees are required to report incidents of alleged student-to-student and staff-to-student discrimination, harassment or retaliation that may be based on a Protected Class that District employees witness or of which they have received reports or information, whether such incidents are verbal or physical or may be considered discrimination, harassment or retaliation in other forms. **Access to Policies: Click here to access Board of Education Policy # 5021**
